

XFx Part Numbers:  
PV-T80F-SHF(\*)

# GeForce™ 8800 GTX

768MB [384bit] GRAPHICS CARD

Bus  
PCI-E  
Profile  
Double  
Output  
Dual DVI

## You Better Love the Smell of Afterburn.

Please return your seats to an upright and locked position while ensuring your safety belt is locked... The next generation of GeForce is here. Meet the 8800 GTX. This mercenary little multi-tasker actually provides physics enabled gaming features straight from the GPU and huge bang for your buck when you don't need to buy a physics card. XFX cautions, only he who is willing to tuck his head between his knees and kiss it goodbye will be ready for this one.

- Unified Architecture
- Lumenex Engine
- 128 Bit FP HDR (High Definition Rendering)
- GIGA Thread: Batch processing / Load Balancing
- Quantum Engine: Embedded Physics features
- Geometry Creation (Instancing)
- SLI Support

## Dual Dual-Link Technology

Supporting digital output up to 2560x1600 on two LCD Monitors at the same time.

## HDTV Ready and HD Gaming

High-definition video playback and crisp picture quality. Provides world-class TV-out functionality up to 1080i resolution.

## SLI Ready

Delivers up to 2x the performance of a single GPU configuration for unparalleled gaming experiences by allowing two graphics cards to run in parallel. The must-have feature for performance PCI-Express graphics, SLI dramatically scales performance on over 60 top PC games.

## Dual DVI

Able to drive the industry's largest and highest resolution flat-panel displays.

## DVI to Analog Adapter

Includes DVI to Analog Adapter to convert your old VGA output to DVI connector.

## Double Lifetime Warranty

Our exclusive Double Lifetime Warranty guarantees the quality and dependability of our card for both you and the second owner.
